From: Susan M. Hudson, Clerk of the Board

Re: PSB Docket No. 7508 Georgia Mountain Community Wind

Date: May 4, 2009

On April 23, 2009, the Public Service Board ("Board") held a prehearing conference in this Docket to review the petition of Georgia Mountain Community Wind, LLC ("GMCW") to construct five wind turbines on Georgia Mountain, in Milton and Georgia, Vermont.

The Board reviews GMWC's petition under 30 V.S.A. § 248 to determine whether the project promotes the general good of the state and should be approved. A description of the Board's review process can be found in the *Citizen's Guide to the Vermont Public Service Board's Section 248 Process*, available on the Board's website at www.state.vt.us/psb.

Attached is a copy of the prehearing conference memorandum setting out the schedule for these proceedings and information regarding participating in the Docket. In addition, attached is a notice of a public hearing to be held at the Georgia Elementary and Middle School at 7:00 P.M. on June 9, 2009.

This is the only notice that you will receive regarding this Docket unless you request to be listed as an "interested person" and receive notices and orders from the Board or actively participate as a formal party. For further information on these options, please see the prehearing conference memorandum and the above-referenced *Citizen's Guide*.

If you have any questions regarding this information, please contact me at 802-828-2358 or psb.clerk@state.vt.us.
